To Whom It May Concern:

Please be advised that it is the opinion of Triangle Excavators, Inc., 581 Ottawa Avenue, Holland, MI, 49423, that the bill supporting **E-Verify** should be voted into law.

It is the desire of **most** contractors to hire and pay either U.S. citizens or legal aliens who, in turn, ***pay taxes and support the American business structure***. However, for every rule, there is an exception. In order to underbid legitimate contractors, some companies will hire illegal personnel and either not report them on their wage reports, or have them repay the prevailing wages after the reports have been submitted. This is not just a hardship for the employees working for cut-throat contractors. It also creates a disadvantage for legitimate contractors when bidding projects. We must create a level playing field. **E-Verify** would make it **law** that every contractor confirm that anyone on their payroll is a tax-paying citizen or green card holder.

**Please vote "yes" on E-Verify.**

Sincerely:
